

Project Concept – 5 Pronged Approach

The Eco-Medical Village project is a five prong, public private sector initiative that aims to make healthcare accessible to the ordinary African by the establishment of a world class health facility serving the West African Region (ECOWAS) through public private sector development and to attract medical tourists from the rest of Africa.

Infrastructure

Eco-Medical Village Limited

The flagship project is the development, construction and operation of a State of the Art International Hospital Complex.

Ecomed Hospital, established together with Hotels, Apartments and a Medical Mall to serve the medium to upper class citizens and residents of the West African Region.

The first reference hospital with sustainable certifications in Africa which will be built based on criteria of sustainability, low energy consumption and respect for the environment.

Mobility

Air Ambulance Limited

To make available paramedic units within every 15 square kilometers of every capital city within Accra, and West Africa.

ICU Ambulances are not available in the Ecowas regions. 90 percent of patients die on their way to the Hospital as there are no paramedics to assist them.

Ecomed will use the paramedic units in Accra as a model in working with other governments of each country in the ECOWAS region to spread the concept.

Eco-Cliniks Limited

Community Access (Telemedicine)

To make available health care services to the rural areas and villages throughout Ghana and the Ecowas Region.

This will be achieved through the introduction of mobile clinics and telemedicine with mobile diagnosis systems and mobile surgical units.

We believe in proving it is possible to deliver high-quality, low-cost healthcare to the poor and less privileged.

Project Concept – 5 Pronged Approach

Pharmaceutics

Eco-Pharma Limited

A discount retail pharmacy across the entire 16 countries of Ecowas with the brand name Eco-Pharma. Eco-Pharma will provide prescription, medications for customers at the lowest market price.
